# What topic will I compare to a human body? *A Good Piece of Writing*

A human body has a brain for making good decisions. Does your topic have a part of it that might serve as its "brain"? The Word Choice Trait helps the reader choose just the right words to engage the reader.

A human body has lungs for exchanging oxygen and carbon dioxide. Does your topic have a part of it that might serve as its "lungs"? The Idea Development Trait exchanges ideas and shows the reader the content, instead of just telling them about the content.

A human body has hands for manipulating objects. Does your topic have a part of it that might serve as its "hands"? The Conventions trait helps the reader manipulate the words and tells the reader when to pause or ask a questions.

## Other parts of a human body

- The Circulatory System to make everything flow.
- Bones to provide support

## How does each part compare to a part of my topic?

- Sentence Fluency to help the words flow in the reader's mind.
- The Organization trait provides a scaffolding to support the writing.
